

Don't have a home computer?

Wish You Could Do More On A Computer?

If your answer is YES, then we may have a solution for you!

Forsyth Tech has teamed up with WinstonNet to bring FREE digital literacy classes to residents in Forsyth and Stokes counties.

The Technology Skills for Life & Employment course is a FREE 30-hour course covering everything from basic computer skills, interviewing techniques, communication skills and more. By completing the course you become eligible to purchase a refurbished laptop computer at a greatly reduced price. To be considered for participation in this training and computer purchase program, you must first meet the following criteria:

- You live in Forsyth or Stokes county
- You are unemployed or meet the income criteria
- You don't have a working computer at home
- You are a minimum of 18 years old.

To verify eligibility or for more information, please call 336.757.3712
